

Google Slides Presentation Requirements

Title Slide:

- Student Name
- Period
- Site Number and Site Name

Advantages Slide:

- **List** each map number that provides relevant **evidence for** storing nuclear waste at your assigned site
- **Explain why** each piece of relevant evidence **supports** storing nuclear waste at your assigned site

Disadvantages Slide:

- **List** each map number that provides relevant **evidence against** storing nuclear waste at your assigned site
- **Explain why** each piece of relevant evidence **does not support** storing nuclear waste at your assigned site

Overall Design of Presentation:

- Be Creative!!!
- Consider theme, background color, font, bullets, images, animations, transitions, etc.

Note: Your Google Slides Presentation should include relevant evidence from each map (1-6)!

Note: If you have a piece of relevant evidence that could be interpreted as both a positive and a negative, you must include it on both your Advantages Slide and Disadvantages Slide with explanations for both the positive and the negative!
